

# Welcome to the knowledge base of MSV Incognito

MSV Incognito is the study association for the Department of Data Science & Knowledge Engineering at Maastricht University. This wiki will contain all information deemed important to our [study](#). You can find old exams, assignments and summaries for courses and also information about MSV Incognito, our study association. You will find that some subjects on this wiki are only accessible to students of our study or Incognito members, apart from that restriction, you are free to look around.

| MSV Incognito           | Data Science & Knowledge Engineering                |
|-------------------------|---|
| <a href="#">Minutes</a> | <a href="#">Bachelor - year 1, year 2 or year 3</a> |
| <a href="#">Manuals</a> | <a href="#">Master - AI, OR</a>                     |

2017-06-20: Our apologies for the lack of content on the study pages. We had to suddenly migrate from our old wiki platform and prioritised the internally used Incognito content. The study content will be migrated as well, but please bear with us until this is done.
